

Dear Roland + Centerville Noon Optimist Club,

Thank you for your recent donation to support our Life Skills Experience Programs in the Montgomery County Area. All the issues that have come from the Covid-19 pandemic make Skills taught at First Tee, such as conflict management, decision making, perseverance, and building a go-to team, extremely important in the lives of kids across the Miami Valley. I thank you for supporting our mission to not only make better golfers but more importantly better people.

Sincerely,
Wendy
