

Centerville Noon Optimists Cancels Tri-Star Basketball Event for 2021

The Centerville Noon Optimist Club has announced the cancelling of this year's Tri-Star Basketball Event, normally held at Watts Middle School. This event hosts more than 100 kids from ages 7-12 showing off their basketball skills in passing, shooting and dribbling.

“After much discussion, we have decided to cancel this popular event. The health concerns of the pandemic still make this very uncertain for this spring.” Club President Debe Dockins stated.

“In the interest of safety for the kids that normally participate in this fun event and our club member volunteers who would have contact with these children and parents of the community we felt the need to cancel. We love this event and are extremely disappointed that we have skip 2021.”

However, we will be back bigger and better in March of 2022 once we weather this pandemic storm.

For more information, please call the Centerville Noon Optimist Club at 937-221-6720.
